DENY PLEA OF HANCOCK BANK HOLDUP SUSPECT

OSLO, Norway (AP) — A Norwegian court decided this week that Kristian Ohre, 50, should be handed over to the American authorities, who want to question him about a Mississippi bank robbery.

Ohre, an American citizen, is suspected of having held up the Hancock Bank in Pass Christian, Miss., June 14, 1960, and taken \$36,000 in cash and \$10,000 in travelers checks, the court spokesmen said.

He was arrested in Oslo last Sept. 26 and has been fighting extradition ever since. The appeal board of the regional court today rejected his plea to deny extradition.

Ohre can still go to the appeal board of the Supreme Court, but it was not known whether he would.

Oslo police said the FBI advised them that Ohre had been recognized by people in the bank during the robbery. Ohre served five years in a Norwegian prison for a similar crime in the 1930s.

FOUR INJURED IN ACCIDENT WEDNESDAY

Four Negro youths were injured and three escaped serious injury Wednesday July 26, at 5:00 p.m., when their truck failed to make a turn at the intersection of the old Spanish Trail and Washington Road.

Charged with reckless driving and speeding was Leroy Lyons, 23, of Bay St. Louis, driver of the truck. According to the investigating officer, Gerald Favre, Lyons suffered a concussion, and was unconscious late Wednesday evening. Andrew McKay, 20, Bay St. Louis, one of the passengers in the truck is hospitalized with head and back injuries, and Herman Acker, 19, also of Bay St. Louis received head injuries. Eugene Smith Jr., 14, was treated for minor injuries and released. Three other passengers in the truck escaped injury. They are James Stain, Rudolph Robinson and David Platt.

According to eyewitnesses and the investigating officer, the truck was said to be going at a speed between 75 and 80 miles per hour. Skid marks at the scene of the accident measured 114 feet, Favre said. When the truck failed to make the turn, it ran into a gas meter and turned completely over. A utility crew was sent to the scene to repair the broken gas meter, as gas was escaping. The truck was completely demolished, reported Favre. Favre's ambulance, Gerald Favre, and a passing motorist delivered the injured to the Hancock General Hospital.

SHERIFF PRICE AND ATTORNEY LINDSEY HELPED SECURE AWARDS

The Eagle learned this week that it was through the individual efforts of Hancock County Sheriff Gerald V. Price, Sr., and Mr. Edward Lindsey, attorney of Gulfport, that the heroic deeds of Gasper E. Maurigi, and Wallace J. Bourgeois, Jr., were called to the attention of the Carnegie Hero Fund Commission, resulting in the awarding of medals and cash awards to the families of the deceased boys.

We reprint below, a copy of a letter received by Mr. Wallace J. Bourgeois, of Waveland, telling him of the Commission's decision to make the awards:

Mr. Wallace J. Bourgeois, 734 Robert Street, Waveland, Mississippi. Dear Mr. Bourgeois, Through the courtesy of Mr. Edward Lindsey, of Gulfport, Mississippi, and Sheriff Gerald V. Price, Sr., of Bay St. Louis, Mississippi, the attention of the Commission was called to the heroic rescue act by which your son, Wallace J. Bourgeois, Jr., died attempting to help save George A. Garcia, Jr., and others from drowning on March 17, 1961.

After a thorough investigation and consideration of your son's case, we take great pleasure in advising you that, in recognition of his outstanding heroism, the Commission has awarded you a bronze medal and death benefit in the sum of three hundred fifty dollars.

We trust you will accept the award, and if your reply is affirmative, your medal will be ordered immediately and we will write you concerning the award money. Kindly fill out the attached card and return it promptly in the enclosed envelope so there will be no delay in the production of your medal.

Sincerely,
David E. Oliver, Manager.

RULE AGAINST HANCOCK COUNTY PIPELINE PLAN

WASHINGTON — A proposal involving the acquisition of a 14-mile pipeline in Mississippi to enable a producer to sell natural gas which the line's original owner had refused to buy or transport to an established market was ruled against Monday by a Federal Power Commission examiner. The pipeline runs from the Anley Field in Hancock County, Miss., to Shreveport, La., but only 14 miles in Mississippi. Examiner Francis L. Hall said the Natural Gas Act provides for an order from the commission to compel the original owner to transport the gas.

The examiner said J. C. Tran, Shreveport, La., had organized the Tarpon Oil Corp., New Orleans, to purchase and operate the line because the owner, Marshall R. Young Drilling Co., had refused. Hall held that temporary commission authority to transfer ownership was no reason "for permitting a drilling company to circumvent its obligations under the Natural Gas Act."

PREPARING FOR THE MISSISSIPPI BEAUTY CONTEST is Miss Sue Breath, daughter of Mr. and Mrs. Chas. A. Breath, Jr., who was recently chosen "Miss Bay St. Louis." She will compete in the Miss Mississippi Pageant, which will be held in Vicksburg, August 2-5. She is shown admiring some gifts presented her by the merchants of Bay St. Louis. Fayard Photo.

COMMITTEES NAMED TO GET FACTS TO VOTERS

The job of getting all the facts before the voters by election day on August 12th for the issuance of \$300,000.00 in bonds for the construction of a plant to house the Enameling Division of Industrial Electric Corporation of New Orleans, Louisiana, was delegated last Monday evening, July 24, to a committee composed of Mrs. Mabel Green, Arthur Chapman, O. Delp, Earl Ramond, John Rutherford, and Warren Carver. Carver was named chairman of this Publicity Committee.

Subcommittees working under the Publicity Committee were also named and these subcommittees are: New Releases, Printed Matter, Retail Merchants, Sound, Truck, and Motorcade. Every means of communication will be used by the Publicity Committee for getting as much information as possible out to the voters concerning the bond issue between now and August 12th.

Meeting Of Association For Retarded Children Held July 20

Officers and Board members of the Hancock County Association for retarded children met Thursday, July 20, in the office of the County Superintendent of Education.

According to Warren Carver, president of the group, the purpose of the meeting was to discuss immediate plans and to outline necessary work to begin operation of the newly formed local unit of the national association.

Carver said initial committee chairmen were appointed at the meeting. He pointed out that these are only a partial list of the complete committee structure of the group. Other appointments will be made at a later date, he said.

Committee chairmen appointed were: Membership—Mrs. Louis Moreau; Program—Lloyd Lewis; Finance and Budget—Mrs. Jos. Scharff; School Site—Leon Favre; Survey and Screening—Mrs. G. S. Kennedy.

In attendance at the meeting were: Mrs. Gladys Ehas, Judge Russell J. Elliott, Mrs. Louis Moreau, Lloyd Lewis, Leon Favre, Mrs. Estelle Depree, Warren Carver, Chester Cuevas, Ed P. Orte, and Bertha R. Grant.

Officers of the local association in addition to Carver are: Lloyd Lewis, first vice president; Mrs. Norton Haas, second vice president; Mrs. Elus Depree, treasurer; and Mrs. Bertha R. Grant, secretary.

officer Mrs. Elizabeth C. Ford, Felix Long Memorial Hospital Auxiliary, Stirlingville, Miss.; Invection, Mrs. T. D. Stinson, North Mississippi Community Hospital Auxiliary, Tupelo, Miss.

Afternoon Session: presiding officer, Mrs. Luther Crull. The Auxiliary Roll in Disaster Planning, Mr. Robert Crook, director of Civil Defense, Jackson, Miss. "Of This We Are Proud" being a display of different things made and accomplished by hospital auxiliaries all over the state of Mississippi, some being at follows: puppets, Pink Lady Cards, tray favors, surprise balls and a planned program on "Operation Disaster."

Hancock County Courthouse
Bay St. Louis, Miss.
The old-fashioned county court has gained a new look. A bouquet of flowers surrounds a cupola-domed, wide stepped, columned, two-story structure at the heart of law and order in southern Mississippi county. The flowers are literally a stopper. They spring from courthouse square like fa-

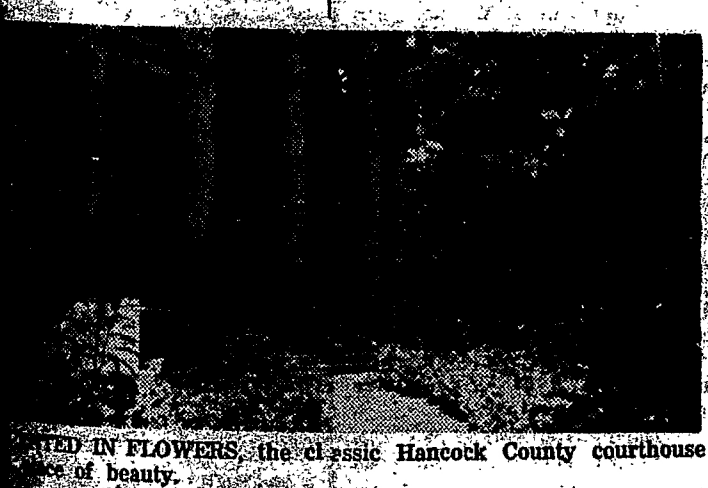

SHERIFF GERALD V. PRICE, Sr., offered the idea of posies on the courthouse lawn.

Dragon teeth — two for anyone planted. The gay flowers for the sidewalk, outline the carpet and ground. The many trees and shrubs, you are garden minded you recognize pom-pom minias — "maids" to many — you thrill to the colorful petals, the indestructible perennials, the showy, fussy plants, sun following sunflowers, plus the permanent landscaping form a picture that fits the old-world atmosphere of part of town.

You are interested in the trees you would recognize the courthouse square as a monument of a hickory, one of brilliant yellow. You get old southern acquaintances in the live oaks, the cypress, the youpon, and a delightfully grown golden rain tree through the years this beauty has softened the severe of the courthouse. Now they are loved by their little friends, flowers.

Why this sudden planting flowers? Let's listen to County Sheriff Gerald G. Price, Sr.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

| Day | Book | Chapter | Verses |
|-----------|-----------|---------|--------|
| Sunday | Psalms | 103 | 6-13 |
| Monday | Psalms | 103 | 14-18 |
| Tuesday | Psalms | 119 | 9-16 |
| Wednesday | Proverbs | 4 | 1-23 |
| Thursday | Proverbs | 22 | 1-4 |
| Friday | 1 Timothy | 6 | 6-12 |
| Saturday | 2 Timothy | 1 | 1-7 |

Swing me, Mommy, she says. Swing me high All the way up to the clouds, if you can!

I smile and say, "I can't; not that high, darling." But still I push the swing and watch her soar skyward. Then she comes back to earth again, giggling. "That time I nearly touched the clouds, didn't I, Mommy?" I laugh and say, "Well—nearly, perhaps."

I look down at her, and for a desperately tender moment I wish that I could always keep that smile on her face, this laugh in her voice, the happy conviction that she nearly touched the clouds. Like all parents, I yearn to spare my child sorrow, anger, hurt of every kind. I yearn to keep from her the knowledge that none of us ever quite touch the clouds. And I know I can't.

So I am thankful—more thankful than ever—for the Church, and the lessons it is teaching her. None of us can give our children perpetual sanctuary. But all of us can help them find Faith.

World's Largest Picture
Frame Plant Is In State

The world's largest picture frame plant is located at Winona, Mississippi and is in its 12th year as a Winona industry. The manufacturer makes picture frame and framed pictures exclusively. Over 90 per cent of the wood used - popular, cottonwood, walnut, oak and wormy chestnut - is secured and bought in Mississippi. The plant has a daily capacity of 3,000 units of all items manufactured and ships around a half million units a year, of which about 50 per cent are empty frames and the other 50 per cent framed pictures, clocks, curios, plaques and mirrors.

rage of Louisville, chairman of the school.
Burrage said that Littlejohn's speech will follow a chicken barbeque that will be served to the instructors, counselors and boys attending the school.

Littlejohn is a member of the following committees in the House of Representatives: Vice Chairman of the Forestry Committee, Vice Chairman of the Game, Fish and Wildlife Committee, Member of the Judiciary Committee, Education Committee, Highway and Highway Financing Committee, and a member of the Committee on Roads, Ferries and Bridges. He is a graduate of Mississippi College and the University of Mississippi law school. This young legislator won many honors at both Mississippi College and the University of Mississippi, and he was elected to his present post in the State Legislature, without opposition, at the age of 23.

At the American Farm Convention last December, Littlejohn was selected the National Oratorical Champion. In addition to being a legislator from Union County, the young man is an attorney at law in New Albany and is a real estate broker.

Burrage said that the Boys Conservation School is not new to Littlejohn. He attended the school in 1953, and his team from Union County was selected the winning team of the entire school. Littlejohn's individual score at the school was 97. This was the highest score on the Union County team and it was tie for the highest score in the entire school.

The subject of Mr. Littlejohn's speech at the Boys Conservation School at Roosevelt State Park on Thursday night, August 3, will be: "Mississippi's Conservation Challenge." Some 200 boys from

QUESTIONS AND ANSWERS

About The Proposed Bond Issue

Q: What is the purpose of this \$300,000 BOND ISSUE?

A: To purchase land and erect on such land a building of approximately 50,000 square feet capacity and capable of housing the Enameling Division of Industrial Electric Company.

Q: Will this Bond Issue increase my taxes?

A: Definitely not. The Industrial Electric Company has contracted with the City of Bay St. Louis to pay an annual rental IN ADVANCE in an amount that will retire the bonds as they come due, pay the interest on the Bonds and even pay for the election to consider the Bond Issue.

Q: Will this proposed plant provide any employment to local citizens?

A: Definitely yes. Initial employment will be between 90 and 100 - some 40 per cent unskilled, 35 per cent semi-skilled and 25 per cent skilled. This Department of Industrial Electric now operates a plant of this nature in New Orleans and probably will bring a nucleus of employees with them, but it is anticipated the majority of the 90 to 100 employees will be local citizens. It is estimated the payroll for this concern will be approximately \$350,000 annually.

Q: Who owns the plant?

A: The City of Bay St. Louis will have and will keep title to the plant and the land on which it is built. After the bonds are retired by annual rental paid by occupant, the City may then rent the plant to the occupant or a successor.

Q: What other expense will the City incur to bring this plant?

A: A water well will be drilled. This not only will fill a need for additional water supply in the South Bay area but will produce revenue in that contract calls for the water used by plant to be metered and charged accordingly. A gas line will be extended to the plant, but this too will be a self liquidating investment just as is gas supply now provided to other businesses in the City. The City will also provide an access road to the plant.

Q: Will this plant be dirty and spill out soot and ashes through its smokestacks?

A: No. The plant, located on Magazine St. in New Orleans, is close to residential and business areas and has not proven objectionable. The plant to be built here will not have smokestacks, and will not create objectionable soot, dirt or spill out.

Q: Exactly what will this plant manufacture?

A: The manufactured product is porcelain enameled metal structural panels. These are used as facings of buildings, sold throughout the United States, and fast becoming a factor in modern, multi-story buildings. (NOTE: Samples of these panels are on display at business houses throughout the City).

Q: Does the City have the "go-ahead" sign from the BAWI Board on this Bond Issue?

A: YES - the City has received a Certificate of Convenience and Necessity and the authority to proceed with this election.

Q: When is the election?

A: Saturday, August 12

Q: Who can vote?

A: Any qualified voter of Bay St. Louis

Q: What total vote is necessary to approve this proposal?

A: A majority of qualified voters MUST vote! - two third of those voting must vote YES - in favor of the proposal.

Q: What are the prospects of this plant expanding?

A: Mr. E. M. Brignac, President of Industrial Electric, told the Organization Committee that if the people of Bay St. Louis indicated they wanted his firm here, he would seriously consider bringing another Department - the Plastic Sign Department - here soon. This too is a rapidly growing plant, ranks in the first ten of its kind in the U. S. and together with expected expansion of the Enameling Plant could foreseeably employ 250 people in five years.

Q: What can I do to help get this plant to move to Bay St. Louis?

A: Vote and vote YES on August 12th and consider yourself a Committee of one to get other qualified voters to do likewise.
